- J Roof Locker
- K Roof Locker and Shelf
- M Table Position
- P Shelf

4, optional 6, berth. Centre kitchen with combined stainless steel sink/drain unit, toilet compartment. Seating at 2 tables with alternative side dinette arrangement.

Kelvin

- A Full Oven Cooker
- B Sink
- C Toilet
- D Single Bed each 72" X 24"
- G Settee Bed 72" X 46"
- I Wardrobe
- J Roof Locker
- K Roof Locker and Shelf
- L Sideboard
- M Table Position
- N Cabinet for Refrigerator
- O Chest of Drawers
- P Shelf

Luxurious 4, optional 6, berth. Rear kitchen has oven type cooker and space for fridge. Toilet compartment with fitted vanity unit.

In the 1976 range Thomsons have applied almost seventy years T-Line experience to produce three separate series of caravans to meet the ever-varied needs of the discerning caravanner.

Clan Series—this range of three caravans is a completely new departure for Thomsons, combining high value with low cost. Economy which economises on neither content nor convenience.

The Clan 1000. Designed with the small car owner in mind, this extremely mobile model packs into its 10'5" length and 10 cwt. weight refinements you would only expect to find in larger sized, larger priced caravans.

The 1200 is roomy enough for 4/5 berths, toilet compartment and features a side kitchen with stainless steel sink and hot plate grill. A most popular choice.

The 1500 is so roomy as a 4 berth that it can even convert to an optional 7 berth caravan. Toilet compartment. And, of course, a kitchen with the stainless steel fittings you would expect in a caravan of such style.

The Glen Series adds a new dimension to 2-berth caravanning with such items as plumbed vanity units, easy-wipe vinyl ceilings and tough, tough melamine finished furniture, all offset by new patterned upholstery and highlighted by sparkling stainless steel

kitchen units. Such interiors deserve and get a matching exterior treatment with the sleek lines being emphasised in orange and black, together with a lockable gas chest which even has room for battery storage.

The River Series probably represents one of the biggest advances in caravan styling for 1976. Sleek, thrusting, modern, dynamic, completely in tune with the man who is going places. And you'll go there in comfort with the luxurious 5" mattresses in fawn/tan striped design, deep pile rubber-backed carpeting and with piped water supply to the wash bowls in toilet compartments. Naturally all the experience of T-Line is reflected in the easy-care surfaces, stainless steel sinks and hot plates, electric and gas lights and there's even electric pumps for water supply. All River series have a minimum 4-berth capacity with optional 5-berth and, indeed, in the FORTH and KELVIN this can even be increased to 6-berth.

All Thomson caravans incorporate rugged chassis construction with independent suspension and Sigma couplings for easy backing with no baulking.

The issue of this brochure does not constitute an offer and sales are conditional upon terms of business and express warranty issued by the makers of the caravans.

While the information contained in this brochure is correct at September 1975 it may be that, on account of the use of alternative materials or the shortage of supplies, alterations may have to be made to the caravans described in this brochure. Diagram and detailed specifications of each caravan are not to scale.

Particulars of any changes may be obtained from Thomsons (Carron) Limited, Carron, Falkirk, Scotland. Phone: Larbert (03245) 2202. Cables: Caravans, Falkirk. Caravan Manufacturers approved by National Caravan Council.

1. Tow-pole fairing.
Styling and protection is enhanced on Glen and River series by tow-pole fairing and lockable gas chest.

2. Rear Panel.
On Glen series reflectors and tail stop lights are incorporated in a distinctive plastic moulding.

3. Window vents.
Maxi control ventilation is provided on Glen and River series by drop-in side window panels.

4. Trim.
Crisp orange waistbands set off exterior styling of Glen and River series.

5. Sink unit.
All ranges feature stainless steel sinks, with combined sink and hot plate unit in the River series.

6. Toilet.
Glen and River series toilet compartments are fitted with personal wash basin and vanity unit.

7. Locker storage.
Bed locker storage space in all models is supplemented by a chest of drawers in the Kelvin.

8. Table positions.
In the Glendale and Forth layout flexibility is provided by alternative table positions.
